Work Experience

Front End Development

Technoworld Software, Pune

Internship : Jan 2023 - May 2023 (4 months)

- Simplify administrative tasks: The software aims to automate routine administrative tasks such as attendance tracking, grade management, timetable creation, and fee collection. This frees up time for staff members to focus on more critical responsibilities.
- Improve communication: The project facilitates seamless communication between teachers, students, parents, and administrators. It includes features such as instant messaging, announcements, and notifications, ensuring efficient and effective information sharing.

Projects

Online Shoes Shopping Website

Jan 2023 - Jun 2023

This shoe shopping website is many collections of footwear for girls and boys paired with very profitable offers and deals to choose from this website.

Technologies:
